27th RECPAD - Portuguese Conference on Pattern Recognition
November 5, 2021, University of Évora

RECPAD is the annual Portuguese Conference on Pattern Recognition, sponsored by APRP (Portuguese Association for Pattern Recognition). It is a **one-day conference** with an invited keynote speaker and poster session. This year, RECPAD 2021 will be held at the University of Évora on November 5th, 2021 (if the pandemic situation does not allow it, it will be held online).

Authors willing to participate in the RECPAD'2021 should submit extended abstracts (2 pages) until September 17th via EasyChair. All submissions will be subject to blind review by members of the Scientific Committee before acceptance. The accepted works will be presented as a poster and will be compiled and distributed only in electronic format; they will not be indexed.

It is a good opportunity for sharing experiences between young and senior researchers, showcasing their work and looking ahead to the future. RECPAD aims to promote the collaboration between the Portuguese scientific community in the fields of **Pattern Recognition, Image Analysis and Processing, Soft Computing and related areas**, including, but not limited to:

- Statistical, structural, syntactic pattern recognition;
- Neural networks, machine learning, data mining;
- Discrete geometry, algebraic, graph-based techniques for pattern recognition;
- Signal analysis, image coding and processing, shape and texture analysis;
- Computer vision, robotics, remote sensing;
- Document processing, text and graphics recognition, digital libraries;
- Speech recognition, music analysis, multimedia systems;

- Natural language analysis, information retrieval;
- Biometrics, biomedical pattern analysis and information systems;
- Special hardware architectures, software packages for pattern recognition.
